

PAGET HIGH SCHOOL

RESILIENCE, INTEGRITY, COMMUNITY

Careers Overview Statement

At Paget, we support students in making well-informed decisions by providing access to differentiated, impartial and independent information and guidance about the range of options (including academic, vocational and apprenticeships) that are most likely to help them to achieve their ambitions. Through a stable careers programme, we seek to be able to help students manage their careers, sustain employability and achieve personal and economic wellbeing throughout their lives.

Our mission is to raise the aspirations and achievements of individual students, improve social mobility, develop eight employability skills and enhance knowledge of labour market information, whilst providing students with access to all career pathways. Students will have a range of experiences tailored to their individual needs and circumstances, including encounters with workplaces and employers, an insight into further and higher education establishments, and opportunities for personal guidance.

The objectives of the Careers Education, Information, Advice and Guidance policy are as follows:

- To ensure that all students at the school receive a stable careers programme
- To enable all students to learn from information provided by the career and labour market
- The CEIAG programme should be individual and address the needs of each student
- To link the curriculum learning to careers learning
- To provide students with a series of encounters with employers and employees
- To provide students with experiences of workplace(s)
- To ensure that students have a series of encounters with further and higher education
- To provide each student with the opportunity to receive personal guidance
